TO WHOMSOEVER IT MAY CONCERN

This to certify that DEPARTMENT OF PERIODONTOLOGY, INSTITUTE OF DENTAL STUDIES & TECHNOLOGIES, KADRABAD, MODINAGAR received TWELVE AMPULES of HYADENT BG from ELAF MEDICAL SUPPLIES, GERMANY for a research project on "COMPARISON OF INJECTABLE FORMS OF HYALURONIC ACID AND PLATELET RICH FIBRIN IN THE TREATMENT OF INTERDENTAL PAPILLARY LOSS (Academic Year 2019-2020)". The principal investigator for the research will be Dr Aneesha Gupta, Post Graduate Student (2019-2022 Batch), Department of Periodontology, IDST. The project will be done under the guidance of Dr Komal Puri, Reader, Department of Periodontology, IDST.

One packet of HYADENT BG (1.6% cross linked and 0.6% natural Hyaluronic Acid) comprised of two ampules of 1.2 ml of the desired product. The cost of one packet of Hyadent BG was 160 Euros equivalent to Rs 12,480/- (INR). The Department received six packets of Hyadent BG (12 ampules) costing a total of 160 Euros \times 6 = 960 Euros equivalent to Rs 74,880/- (INR).

Dear Dr. Areeba Zainab Kakroo,

Thank you for considering our lab for the completion of your research project for the academic year 2019-2022. We at Delhi Dental Centre has always maintained the gold standards and work with the utmost precision in providing the services to the dental fraternity.

We are delighted to inform you that, your request for sponsorship towards your research project titled "A Comparative Evaluation of Marginal Fit between Zirconia and Lithium Disilicate Crowns Fabricated Using CAD-CAM Technology" has been accepted by our lab. You have requested for the forty crowns (i.e., twenty crowns from zirconia and twenty crowns from lithium disilicate) including the material, scanner, designing software, milling unit, sintering machine and glazing unit.

Our lab has decided to sponsor your research project but the cost of the material will be born by you, apart from the material we will provide you scanner, designing software, milling unit, sintering machine and glazing unit which will be approximately Rs. 900 per crown accounting for the total of Rs.36000 as sponsorship towards your research project.

Considering the ongoing Pandemic condition i:e COVID, you are requested to provide the material as soon as possible so that the process of fabrication of the required number of crown can be started. We will be able to provide you approximately 6-7 crowns per month so that we can finish the entire project in six months from our side.

Regards

Dr. Sachin Dangay

To whomsoever it may concern

This is certify that Dr. Areeba Zainab Kakroo, Post Graduate student in the branch of Prosthodontics at Institute of Dental Studies & Technologies, Modinagar, Ghaziabad has successfully completed her thesis study titled "A Comparative Evaluation of Marginal Fit Between Zirconia and Lithium Disilicate Crowns Fabricated Using CAD-CAM Technology" and fabricated forty crowns (i.e., twenty crowns from zirconia and twenty crowns from lithium disilicate). Under the observation of Dr. Sachin Dangay (Prosthodontist, Delhi Dental Centre) and the amount sanctioned for the same was Rs. 36000. Our lab sponsored fully for her study and was provided to work on the intra-oral scanner, designing software, milling unit, sintering machine and glazing unit for the completion of her scientific research.

There is no financial interest of the Lab in this study

Thanking you

Yours sincerely,

Dr. Sachin Dangay

Dear Dr. Shabana Azmin,

Thank you for considering our lab for the completion of your research project for the academic year 2019-2022. We at Delhi Dental Centre has always maintained the gold standards and work with the utmost precision in providing the services to the dental fraternity.

We are delighted to inform you that, your request for sponsorship towards your research project titled "A Comparative Evaluation of different zirconia CAD/CAM milled three- unit FPDs with two variable connector designs- an invitro study" has been accepted by our lab. You have requested for the 120 crowns (i.e., forty 3- unit FPDs) from zirconia blanks including the material, scanner, designing software, milling unit, sintering machine and glazing unit.

Our lab has decided to sponsor your research project but the cost of the material will be born by you, apart from the material we will provide you scanner, designing software, milling unit, sintering machine and glazing unit which will be approximately Rs. 900 per crown accounting for the total of Rs.108000 as sponsorship towards your research project.

Considering the ongoing Pandemic condition i:e COVID, you are requested to provide the material as soon as possible so that the process of fabrication of the required number of crown can be started. We will be able to provide you approximately 6 units (18) crown per month so that we can finish the entire project in 6 months from our side.

Regards

Dr. Sachin Dangay

Prosthodontist

To whomsoever it may concern

This is certify that Dr. Shabana Azmin, Post Graduate student in the branch of Prosthodontics at Institute of Dental Studies & Technologies, Modinagar, Ghaziabad has successfully completed her thesis study titled "A Comparative Evaluation of different zirconia CAD/CAM milled three- unit FPDs with two variable connector designs- an invitro study" and fabricated 120 crowns (i.e., forty 3- unit FPDs) from zirconia blanks under the observation of Dr. Sachin Dangay (Prosthodontist, Delhi Dental Centre) and the amount sanctioned for the same was Rs. 108000. Our lab sponsored fully for her study and was provided to work on the intra-oral scanner, designing software, milling unit, sintering machine and glazing unit for the completion of her scientific research.

There is no financial interest of the Lab in this study

Thanking you

Yours sincerely,

Dr. Sachin Dangay
