COURSE REPORT

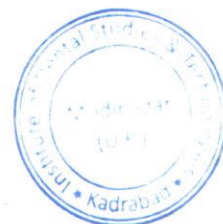

Topic of Course	Asepsis, Infection Control and Waste Management Including NACOProtocols
Speaker	Dr. Abhishek Rathi, Reader, Dept. of Oral & Maxillofacial Surgery
Department	Oral & Maxillofacial Surgery
Date	27/01/2023
Time	1:30pm
Attendees	50 Post Graduates 2 nd & 3 rd Year
Venue	IDST Auditorium, IDST Dental College, Modinagar.

BRIEF SUMMARY ABOUT TOPIC & SPEAKER

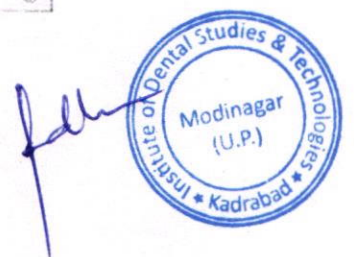

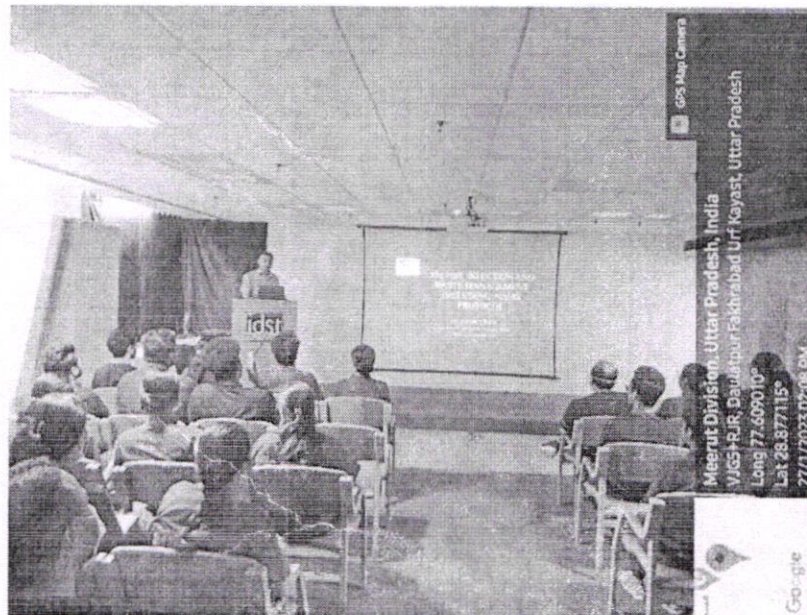

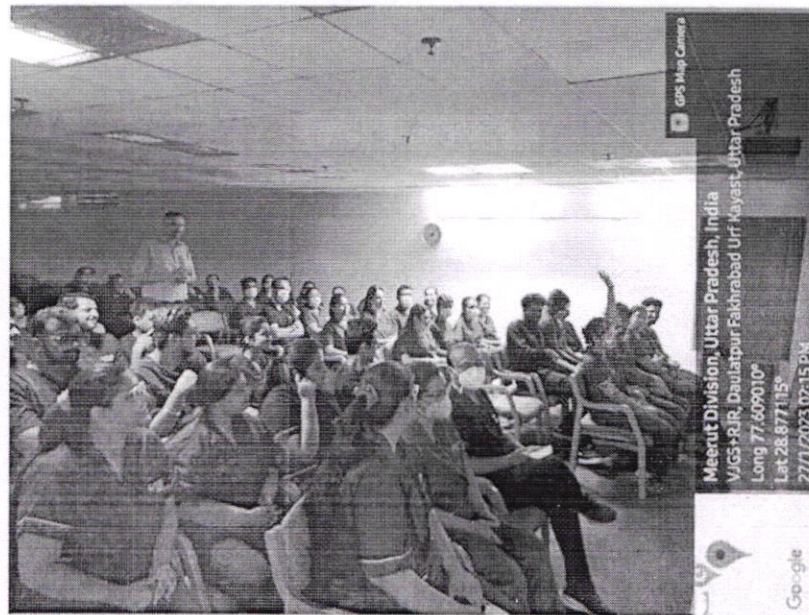

The speaker for the conducted course was Dr. Abhishek Rathi, Reader, Dept. of Oral & Maxillofacial surgery.

The program aimed to create awareness amongst the post graduate students about importance of methods of maintaining sterilization while performing regular activities in both clinical and non-clinical areas.

DEPARTMENT	Oral & Maxillofacial Surgery
DATE	23rd January 2023
TIME	11:00 AM – 12:00 PM
ATTENDEES	BDS Ist Year Batch 2023, MDS Ist Year Batch 2022-25 Total no. of attendees: 64
VENUE	IDST Auditorium, Institute of Dental Studies & Technologies

BRIEF/SUMMARY ABOUT TOPIC AND SPEAKER

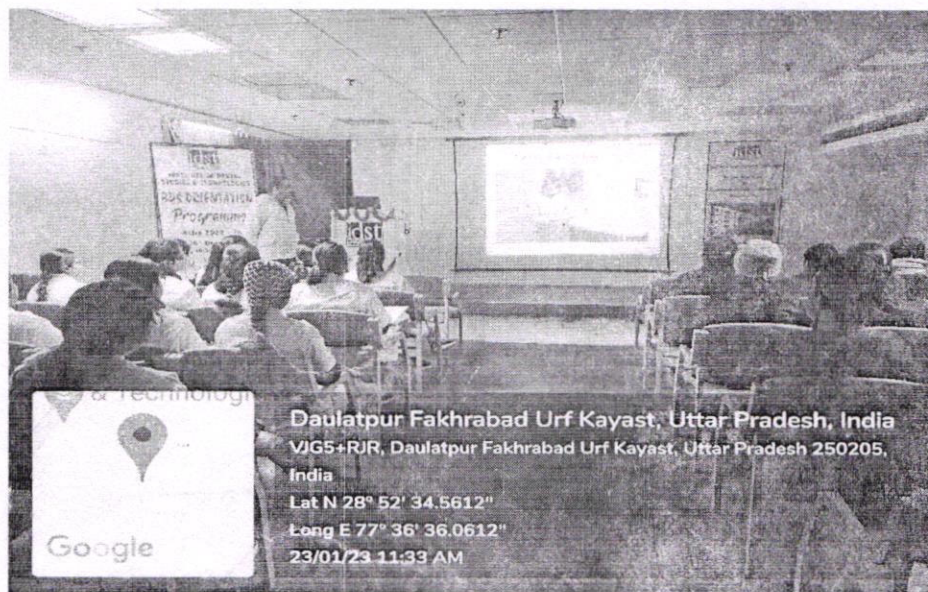

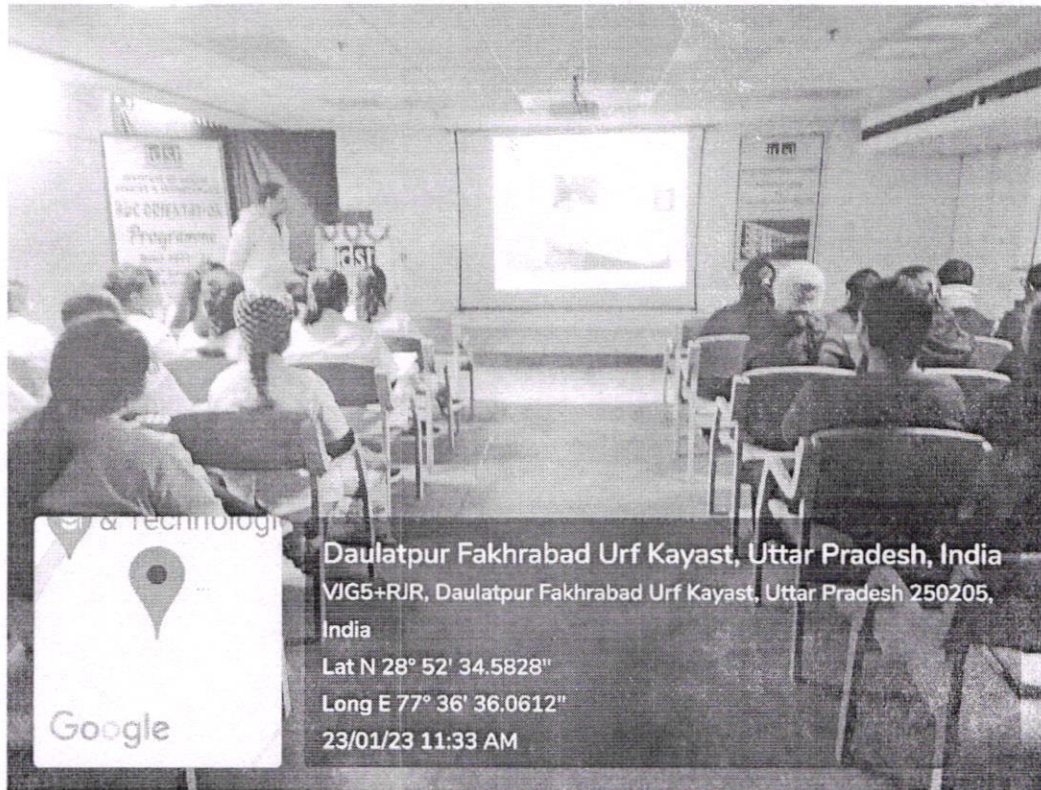

A major risk of all surgical/nonsurgical procedures is the introduction of pathogens by contact of an instrument with a patient's sterile tissue or mucous membrane that can lead to infection. Failure to properly disinfect or sterilize equipment carries not only risk associated with breach of host barriers but also risk for person-to-person transmission (e.g., hepatitis B virus) and transmission of environmental pathogens. Disinfection and sterilization are essential for ensuring that instruments do not transmit infectious pathogens to patients. Also, proper disposal of waste from dental setup is of paramount importance because of its infectious and hazardous characteristics.

The lecture was taken by **Dr Ritesh Garg**, Reader Department of Oral and Maxillofacial Surgery to sensitize the BDS Ist Year Batch 2023, MDS Ist Year Batch to various approaches for the judicious selection and proper use of disinfection and sterilization processes and appropriate waste handling and disposal measures.
